Specifications for canon digital camera powershot s-200 (black)

Technical Details :

Brand	Canon
Model	S200
Model Name	Powershot
Item Weight	181 g
Product Dimensions	10 x 5.9 x 2.6 cm
Item model number	S200
Included Components	1 unit camera, wrist strap WS-DC11, battery pack NB-6LH and battery charger CB-2LY
Screen Size	3 Inches
Has Image Stabilization	Yes
Optical Zoom	5 X
Optical Sensor Resolution	10 Megapixels
Min Focal Length	5.2 Millimeters
Flash Modes Description	Auto, On, Slow Synchro, Off

Metering Description	Evaluative, center-weighted average, spot
Has Auto Focus	Yes
Has Self Timer	Yes

Product description :

The PowerShot S200 is a cheaper version of the S110, utilizing a 10.1 megapixel CCD instead of a 12MP CMOS sensor. It does, however, retain the same F2.0-5.9, 24-120mm lens as the S110 with lens-shift image stabilization. The S200 also features a 3" LCD with 461k dots, manual exposure controls, and built-in Wi-Fi. Keeping with the 'step down' theme from the S110, the S200 only records 720p video and lacks Raw support. The S200 is available in black and white.
